1 Introduction

This document describes the *matzei* option for the SVJOUR $\text{\LaTeX} 2_{\epsilon}$ document class. For details on manuscript handling and the review process we refer to the *Instructions for authors* in the printed journal. For style matters please consult previous issues of the journal.

2 Initializing the class

As explained in the main *Users guide* you can begin a document for *Mathematische Zeitschrift* by including

```
\documentclass[matzei]{svjour}
```

as the first line in your text. All other options are also described in the main *Users guide*.
